

A wonderful life

Here I am, here I am

I'm sitting on my front porch, the sun is shining and I am feeling fine

Oooh here I am, here I am

I'm waiting for you to come back home from a hard working day.

Refr.:

We do a motorbike ride in the afternoon sun or go swimming in a lake

We go out for a dinner at night and drinking a glass of wine

Oh yes, we know how to lead a wonderful life

Here we are, here we are

We are lying on the deck of a boat on the lake in the heat of the day

Oooh here we are, here we are

We're laughing and we're kissing until the sun goes down

Refr.

Here we are, here we go

We're going hand in hand along the beach with a smile on our faces

Oooh here we are, here we go

And we hope that this love will last as long, as long as we live

Refr.
